

Santa Fe Artist Getaway

YOUR Getaway is right around the corner

Some of the best ideas and growth in creativity happen when you have the freedom to find out who you are by exploring your world. By discovering, playing, and recharging in an inspirational art studio nestled in nature.

My hope – that you experience a more beautiful, authentic life... When you getaway... to Santa Fe.

When you stay in town, you'll enjoy everything Santa Fe has to offer. You may want to stay close to the Plaza and stroll the blocks of shops, galleries, and museums. SFAG is just 15 minutes from the center of town.

Or you may want to stay on the edge of town for a quick morning drive. SFAG is just 8 minutes from the edge of town.

There are several house/casita rentals in the country nearby. Use the map/search functions on VRBO and AirBnB to find nearby rentals.
